TEAM MEMBER OBSERVATION GUIDE

Mission Yogurt's culture is one of growth. Growing the Team means having every employee knowing that there is growth from the position they are in now, into new and exciting challenges. It is the Managers' responsibility to foster the growth of the Team Members on their team. To facilitate this growth under the spirit of Mission's motto of Constant And Never-ending Improvement, or CANI the Observation Guide and Form helps to grow a Managers' Team.

Before a Team Member can be promoted from one position into a great role, with greater responsibilities, a MANAGER OBSERVATION FORM must be completed. Here is a step-by-step guide to help.

Step 1

Verify the date of hire of the employee, if they are due for an annual or 90 day review this needs to be completed first.

Step 2

A complete review of the Position Descriptions is required. These can be printed out from Missionyogurt.net > [Careers](#) > [Job Descriptions](#) Print both the current position along with the description that the Candidate will move to. Familiarize yourself with the additional responsibilities, a full over-view of the changes in duties and responsibilities will need to be discussed with the Team Member.

Step 3 Complete the MANAGER OBSERVATION FORM. This form can be printed out from Missionyogurt.net > [HR resources and Forms](#) > [Review Forms](#) This form needs to be completed utilizing detailed responses in the MANAGER RESPONSE section. Justify and explain why and how the individual is excelling in their current position and how they will grow in their new role.

Step 4

Submit a completed review (if applicable), a completed MANAGER OBSERVATION FORM, along with a completed PAY RATE CHANGE FORM, to Human Resources. As with any position, or pay change; no changes will be communicated to the employee until all necessary approvals have been received. Even upon approval, nothing on their documentation is intended to create a contract of employment for a specific term and all employment is At Will.

Step 5

The submitting Manager will be notified via email in regard to the position title and pay changes. This will include the start date of the new position.

MANAGER OBSERVATION FORM

Remember that no position change will be communicated to the employee until all necessary approvals have been completed. Even upon approval, nothing on their documentation is intended to create a contract of employment for any specific term and all employment is At Will.

The Many Benefits of One-day Hiring

1. **Quality hires** — because you won't lose top candidates!
2. **It impresses candidates** — holding same-day interviews and making same day offers will certainly get your candidate's attention, because it shows you are decisive, which is a feature top performers demand. Getting a call immediately after applying and being invited almost immediately is so out of the norm that it impresses candidates and it makes them feel important. Wasting people's time with an extended hiring process irritates candidates and it can make them think that you don't respect them
3. **Quicker time to productivity** — because open positions will be vacant for fewer days, your new hires can be on the job much faster. This means customer satisfaction will increase because you have reduced vacant positions.
4. **You can get higher acceptance rates** — giving candidates' lots of time to think about whether they want to work for you can actually give them time to raise doubts and questions. One-day hiring doesn't give them an extended period of time to talk their job choices over with their colleagues and families, who might dissuade them.
5. **You get decisive hires** — because same-day hiring rewards candidates who know precisely what they want in a job and a firm, you are likely to get hires who are a great fit. In addition, because one-day hiring requires candidates to make a quick decision, your new hires are likely to be decisive on the job also.
6. **It reduces opportunities for candidates to change their mind**
7. **It provides a competitive advantage** — making a quick offer reduces a top candidate's opportunity to wait for a better offer
8. **A low candidate dropout rate** — There is nothing worse than having a top candidate apply and show interest, only to lose them because your hiring process takes too long.
9. **The tight job market makes it essential** — If you don't do fast hiring, you may find that every one of the acceptable candidates are gone within two weeks.

HIRING PROCESS

- **RESPOND TO APPLICANTS QUICKLY**
- **SET UP AN INTERVIEW**
- **GO TO THE INTERVIEW WITH THE TOOLS YOU NEED:**
 - What schedule is available?
 - What pay rate are we offering?
 - Badging form
 - A list of interview questions
- **BE PREPARED TO OFFER A JOB AT THE INTERVIEW**
 - Don't feel obligated or rushed
 - Only give 1 day offers if you are confident in the candidate
- **FOLLOW UP AFTER THE INTERVIEW**
 - The next day follow up via phone, text or email
 - Follow up the same way you were communicating before the interview
